

# BECOME A MONEY NINJA!

CLEARVIEW

*Money Ninja taught us that spending isn't the only thing you can do with your money!  
Talk with a grown-up about the things you can do in the following categories,  
then write them down, draw pictures, or make a collage with all your answers!*

## SAVE

*Save up your money for a bigger purchase later — delayed gratification!  
Money Ninja is saving for a car. What things could you save up for?*

## INVEST

*Invest in yourself or in a small business, like the lemonade stand or YouTube channel that Money Ninja runs!  
Remember: ALWAYS ask a grown-up for help to keep your investments safe and age appropriate!  
What would YOU invest in?*

## DONATE

*Money Ninja used some of their money to help a friend in need and also made donations to charity.  
What type of causes would you donate money to?*
